

# 2022 School Virtual Field Trip Experiences

**Presque Isle State Park offers environmental education experiences for students in grades pre-K-12 year-round. The field trips currently are virtual. There is no fee.**

## **Shifting Sands**

Explore the beaches to uncover the wonders of sand and learn about life in this ever-changing environment.

## **Lake Dynamics**

Investigate the natural forces of Lake Erie and engineered strategies used on Presque Isle, past and present. Discover how these actions affect life on the peninsula.

## **A Pond's Life**

Discover unique habitats of the pond by investigating the aquatic life of Presque Isle's inland waters where fish, insects, and animals abound.

## **Natural Wonders of Presque Isle**

Seasonal changes offer a unique opportunity for park staff to showcase natural wonders such as animal migration, forest ecology, winter on the Isle, and much more.

## **History of Presque Isle**

Discover the mystery of park history through stories, maps, photography, and artifacts.

## **PA State Park Careers**

Learn about some of the varied careers that can be found in our organization. Emphasis will be on skills and pathways that lead to a career in PA state parks.

**Send: teacher name, school name, grade level, number of students and lesson choice to [PresqueIsleSP@pa.gov](mailto:PresqueIsleSP@pa.gov)**
